CYCLONES GETTING BUSY

The Carmen Oklahoma Citizens Take to Their Cellars

Two Nebraska Towns Caught by the Twisters and 15 of Their People are Killed

Kansas City, May 25.—The first details of the cyclone which almost demolished Carmen, Oklahoma, were received today. For an hour prior the wind was so erratic that all the inhabitants fled to their storm cellars, thus accounting for the small loss of life. Only one was killed and three injured, although the property devastation was complete. Nine stores and factories, two churches, two hotels, three lumber yards, three livery stables and six residences were completely destroyed, and a whole row of stores smashed in.

Lincoln, May 25.—Pauline, a town 15 miles south of Hastings, is reported to have been destroyed by a tornado, and six are said to have been killed. All wires are down, and details are meagre.

Further advices state that Norman was also swept by a cyclone, and seven killed. A number of houses at Fairfield, in the storm's path, were destroyed, and eight missing are believed to have been killed. The wires southwest of here are all down.

Later advices from Pauline say the town escaped serious damage, but the storm swept the farming country two miles east. Confirmation that six are dead is received. The section in the heart of the storm is swept bare, and the houses are torn and twisted into splinters.

Omaha, May 25.—Specials received here show that 21 persons were killed altogether in this morning's tornado, in Kearney and Adams county. A relief train has been sent from Hastings.

A Former Congressman

Madison, Neb., May 25.—Ex-Congressman Robinson died this morning of appendicitis. He was 47, and had served two terms.

\$50 Worth of Perjury.

London, May 25.—Mrs. Guernsey Bedford today pleaded guilty to perjury in claiming her foster child as the child of her late husband, whereby she planned to inherit a fortune, and was fined \$50.

Mrs. Bedford's attorneys, when the case was called, said their client wanted to change her plea to that of guilty. She said Bedford, before his death, wanted her to adopt the child, which, under the French law, became legitimate. She, therefore, took the

child from the Isle of Worth, thus carrying out her husband's wishes. And for the purpose of making the child her own had made the mistake at the registry office, through ignorance; but which brought her within the scope of the criminal law. The woman's case was made so plain that the magistrate imposed the lightest penalty; whereas, the maximum would have been seven years' imprisonment.

Destroyed by Tornado

Rolfe, Ia., May 25.—The business portion of this town was visited by a tornado this morning. A Chinese laundryman was killed, and one child was fatally and several persons seriously injured.

Refused To Strike

Barboursville, W. Va., May 25.—Mine operators from Loup River district today say none of the miners obeyed the strike order, as all were well satisfied. He denounces the idea that the stockades are obnoxious to the men, or that it deprives them of their liberty.

To Get Two Red Hats

Rome, May 25.—The Pope, speaking today of future cardinals, said the Americans may get two additional places in the sacred college, and intimated that this preference would be shown because of Cuban-Philippine conditions. It is believed Archbishop Chapelle will be one of those distinguished, because of his work in Cuba, and Porto Rico.

Has Escaped From the Sound

North Yakima, Wash., May 25.—The President has turned the outward mark of his long journey, and is now homeward bound. He is glad the trip is nearing an end, as it is more than he bargained for, and he is well lagged out. His strong body is showing the severe strain. However the rest of the trip is easy.

Ellensburg, Wash., May 25.—The President addressed the people of Ellensburg from a gaily decorated stand in the depot yard. He complimented the state on its progress and future, and praised the men of the Civil and Spanish wars. "I don't wonder that the men of the Spanish war did so well," he said, "with such fathers to emulate."

Fighting Over Salem Cherries.
The Salem Fruit Growers' Union did not close a contract with the Salem cannery Saturday for the cherry crop, as a second bidder got in from Portland, who wants to cut out the Salem cannery. Two of the directors, Messrs. Thielson and Shepard will go to Portland Tuesday and try to close a contract with one concern or the other.

THE GREAT FOOL KILLER DISCOVERED

Automobiles Doing Magnificent Work for Mankind

Killing Those Criminals who Deliberately Murder People on the Public Highway

Paris, May 25.—The first stage in the Paris-Madrid automobile races ended today, the race being from Versailles to Bordeaux, 343 miles. The winner made an average speed of 62 miles an hour outside of the cities, and at one time ran 88 1/2 miles an hour.

During the afternoon word of the accidents began to arrive, and cast a cloud over the event. A dispatch from Bordeaux announced that Lorraine Barrows had met with a shocking accident near Libourne, 17 miles from Bordeaux, at 1:45 this afternoon. It appears that M. Barrows had tried to avoid a dog which was crossing the track, and his monster car, No 5 in the race, struck a tree with terrific force.

Chauffeur Killed Instantly.
The chauffeur was killed outright. Barrows himself was picked up unconscious but still breathing, and was taken to a hospital, where his condition was declared to be critical. His car was dashed to pieces.

Shortly afterward news came that Marcel Renault had been overturned in a deep ditch beside the road near Coupe, 21 miles from Bordeaux, and that he was dangerously injured.

The Automobile Club of Bordeaux received a dispatch at 4 o'clock saying Renault was unconscious, and it was feared was dying. Louis Renault, Marcel's brother, was deeply affected by the news, and at once started back to his brother's assistance. Orders were given to withdraw all the Renault cars from the race. Many lesser accidents and casualties are reported. An early report that one of the two brothers Farman had been injured is unconfirmed.

Late in the afternoon an unconfirmed report came from Bordeaux that a serious accident had occurred near Angoulême, two occupants of an automobile being thrown out and injured, and two spectators killed. No names or details were given.

Chauffeur Burned to Death.
Dispatches arriving from points along the course add to the list of the fatalities and accidents. The most serious trouble occurred near Bonnavat, 15 miles from Chartres, where machine No. 243, driven by M. Porter, was overturned at a railroad crossing and took fire. The chauffeur was caught under the automobile and burned to death, while two soldiers and a child were killed.

A chauffeur was badly injured by an accident to his motor car near Angoulême. A woman crossing the road in the neighborhood of Ahlis was run over by one of the motor cars and killed.

Mr. Stead and his chauffeur, who were first reported to have been killed, are still alive. It seems that their automobile collided with another car, with which Mr. Stead had been racing for several kilometers, wheel to wheel, and was completely overturned in a ditch near Montguyon. Mr. Stead was caught under the machine, while his chauffeur was hurled a distance of 30 feet, and his head and body badly cut. Mr. Stead was conscious when picked up, but complained of suffering great pain. He was conveyed to the nearest farm.

It is stated that Louis Renault's automobile attained at Beudantic, between Chartres and Bonneval, a maximum speed of 88 1/2 miles per hour.

It is reported that the Spanish government has also forbidden the continuance of the race on Spanish territory.

Lorraine Barrows, the automobilist, who was probably fatally injured in today's racing, is of German nationality. Only 111 arrivals at Bordeaux are reported.

Automobile Accidents

Paris, May 25.—There is great public indignation over the automobile casualties yesterday, and it is prophesied that closely restrictive measures regulating automobilism will be passed. The latest list places the dead at six, and the injured at six. Porter, who was reported burned beneath an exploding gasoline tank, is alive, but probably fatally injured. Explanations of the accident are there were so many competitors they raised a cloud of dust through which the chauffeurs were unable to clearly see the roads.

Reports received this evening from along the course of yesterday's automobile race, make the total killed nine, including two soldiers, an old woman and a girl, three chauffeurs and two automobilists. Renault, whose skull was fractured, died at Poitiers this afternoon.

MARCUM CASE IS OPENED

Four Companies of Militia, Two Pieces of Artillery

Grand Jury is Empanelled and the Assassinations Will be Thoroughly Investigated

Jackson, Ky., May 25.—The extra session of the district court convened this morning to investigate the assassination of Attorney Marcum, Dr. Cox and Town Marshal Cockrill. Four companies of militia are on guard, and they have two pieces of artillery from Louisville. The grand jury is being impaneled on summons issued by Sheriff Callahan, one of the leaders of the Hargis faction. A message, received today, says Thomas Marcum, brother of the murdered man, who, it states, is an attorney in the Indian Territory, has started for here. The situation is strained.

The grand jury was completed at noon, and the court instructed it to make a thorough investigation of the crimes, and call upon him for any assistance they needed in enforcing the attendance of witnesses. The instructions don't deal with the assassination in details, and are considered mild.

Sheriff Callahan declined to act and the judge appointed ex-Sheriff Little as sheriff during the term of court. It is thought an indictment for the Marcum murder will be returned this evening. Captain Swan, who was talking to Marcum when the shot was fired, was the first witness. He was escorted to the court house by a squad of soldiers.

His Wife Left Him.

Albany, Or., May 25.—Word was received in Albany today that Leonard O. Beck, of Cottage Grove, is missing under circumstances that point to suicide. Beck, with his wife, formerly resided in Albany, going from here to Cottage Grove. While here Mrs. Beck, who is quite an attractive woman, 28 years of age, received attention from Edward Strauser, of Woodburn. After going to Cottage Grove, Mrs. Beck left her husband, and joined Strauser in Woodburn.

She told her husband she was going to Albany, and Mr. Beck telephoned to Albany many times. He finally located Mrs. Beck in Woodburn, and went to that place to see her, but was informed that his wife would not return to him.

Beck then returned to Cottage Grove, and, after a period of heavy drinking, disappeared, leaving a note saying his troubles were such that he could not live.

SUNDAY CAUSES TROUBLE

General Assembly at Los Angeles Gets in a Wrangle

Will Probably Pass a Resolution Asking the Passage of a Sunday Law in California

Los Angeles, May 25.—The Sunday observance controversy caused trouble in the general assembly this morning. Sunday work at the St. Louis fair is condemned. Some delegate accused others of traveling on Sunday. The latter's defense was that it was the railroad's fault. The assembly may pass a resolution asking for a Sunday law to close theaters, etc., in California.

Oklohama Is Flooded

Guthrie, May 25.—The rivers in the Territory are raging floods, and are rising rapidly.

Cuban Hero Passes Over

Havana, May 25.—Gen. Rodriguez, the hero of the Cuban revolution, died here this morning.

Cnafield Says Not Guilty

New York, May 25.—Richard Cnafield today pleaded not guilty to maintaining a gambling house. He furnished \$1500 cash bail, and immediately left the court room.

They Meet Head on

New Castle, Pa., May 25.—There was a head-on collision between two freights on the Pennsylvania railway this afternoon, near East Brook, in which nine were injured, but none fatally.

Chamberlain to Resign.

Liverpool, May 25.—The Post today prints a report that Chamberlain intends to resign from the cabinet, and head a new party advocating preferential duties, and favoring the colonies against the whole world.
